

Rapicide® OPA/28 Chosen as a Winner in the 2014 Annual Excellence in Surgical Product Awards

NOVEMBER 2014 – Crosstex/SPSmedical is pleased to announce that Rapicide® OPA/28 high-level disinfectant was chosen as a winner in the 2014 Annual Excellence in Surgical Product (ESP) Awards.

Sponsored by *Surgical Products Magazine*, the ESP Awards competition attracts hundreds of entrants annually. The winners are chosen by *Surgical Products Magazine* readers.

“We are honored that Rapicide® OPA/28 was selected as one of the top products by readers of *Surgical Products magazine*,” said Sarah Coats, Clinical Sales Manager, Crosstex/SPSmedical. “This reinforces that when safety counts and minutes matter, customers choose Rapicide® OPA/28 high-level disinfectant to reprocess semi-critical devices that cannot be sterilized. Rapicide® OPA/28 has been the perfect addition to our comprehensive line of infection prevention products designed to deliver innovative solutions to the healthcare community.”

Rapicide® OPA/28 has the fastest manual disinfection time, and can also be used in legally compatible AER's for up to 28 days. It has twice the reuse life over traditional 14 day OPA products and guaranteed materials compatibility. Additional information about Rapicide® OPA/28 can be found at www.opa28.com. The product will also be on display at the Crosstex International booth at MEDICA 2014 World Forum for Medicine, Dusseldorf Germany, November 12-15, Hall 12-E63.
